## Stopping the World's Trade In Opium

On the recent anniversary of Lincoln's birthday the Minister for Foreign Affairs of the Netherlands Government affixed his signature to a final protocol at the Dutch Foreign Office which gave effect to the International Opium Convention negotiated at The Hague during the winter of 1911-12 by the United States and the powers most closely concerned in the question.

The signature of the Netherlands Minister followed that of Dr. Henry van Dyke, the American Minister, on behalf of the United States and of Mr. Tang Tsing Fou on behalf of China.

The signature of the three ministers put the International Opium Convention into force over a field which covers approximately 475,000,000 inhabitants: China, with an estimated population of 330,000,000; the United States 100,000,000, and the Netherlands and her dependencies with 45,000,000. Despite the war the signatures of the remaining nations of the world will doubtless soon be added, and the convention will become operative from one end of the globe to the other.

The mitigation of this centuries-old abuse was summed up fitly by Dr. van Dyke on behalf of the United States, which in spite of rumors of war, revolutions in China, and even war itself has persisted in its efforts to bring to an end a long-standing social and economical evil.

The American Minister said in referring to the convention:

The terrible fact that this enormous war is in progress should not make civilized nations ignore things which operate for the welfare of mankind. The opium convention aims at putting to the vicious trade in opium as an intoxicant and at imposing the strictest regulation on the legitimate commerce in opium for purely medicinal purposes. I hope that the three nations which have taken the first definite step in this direction soon will be followed by many others.

It is a great satisfaction that China, which has suffered most from the opium vice, has taken this step side by side with the United States, which has been the foremost nation in adopting legislation against this vicious

trade, and that Holland, with her immense possessions in the East Indies, should take the same stand.

Little notice has been given to this truly significant event at The Hague; for the press is preoccupied with the horrors and acute complications of a stupendous war. Yet the act of the three ministers at The Hague not only brings to an end a chronic conflict but fixes by international law a unique method by which nations, if they will, may settle all contentious questions through the channels of peace.—From "The End of the Opium Question," by Hamilton Wright, in the American Review of Reviews for April.

## Business Men's Club Meets

Much interest was shown in the proposed railroad to run from Barbourville to Manchester at a smoker held in the Court House, Wednesday night. A representative body of the citizens of this city, a number of citizens from Clay county and Mr. Heim, of Pennsylvania, the chief promoter of the railroad.

Enthusiastic speeches were made by the following citizens of Knox and Clay counties:—Judge F. D. Sampson, temporary chairman; H. H. Owens, chairman; Caleb Powers, J. M. Robson, Judge Sampson, James D. Black, of this county, and Judge D. Y. Lyttle, E. L. Walker, S. L. Smith of Clay county and J. A. Heim of Williamsport, Pa.

Capitalists from Pennsylvania have proposed to build a standard gauge railroad from Barbourville to Manchester, beginning July 1, and to be completed within eighteen months, provided Clay and Knox counties will put up a bonus of \$100,000 to be paid after the road is put in operation, and furnish the right-of-way free. Clay county has succeeded in raising \$60,000. Mr. Heim and his associates have put up \$25,000, which left Knox county to raise \$15,000. All but about \$4,000 was raised Wednesday night and it looks like an assured fact that the first ground will be broken on the right-of-way July the first.

## "Operating Cost" of the War

What may be termed the operating cost of the most destructive war known to man has, in eight months, amounted to \$10,000,000,000. The indirect consequences, such as damage to property, loss to foreign and domestic trade, the vanished toll of the tourist, plus the loss from an actuarial standpoint in the economic value of the killed, maimed permanently and diseased, produce a debit on the balance-sheet of European nations of fully \$10,000,000,000 more.

The figures are huge, beyond comprehension, and most impressive when set beside the estimated cost of all wars between the years 1793 and 1913. In that century-and-a-quarter period, beginning with Napoleon's career and ending with the second Balkan war, the direct and indirect expenditures in conquest and repulse were \$25,000,000,000. At the present progressive rate of outlay the Great War will only have to go four months longer to parallel the costs of all other struggles since man began to accord credit himself as civilized.

The wealth of the people engaged in war, and those in Europe who are trying to keep out of it, is about \$400,000,000,000. Considered from this angle the cost or loss does not loom so large; for it is only about 5 per cent. of the resources from which the nations concerned may draw.—From "What the War is Costing Europe," by Charles F. Spears, in the American Review of Reviews for April.

## Children National Tuberculosis Society

Agents for the Children National Tuberculosis Society have appeared in Kentucky collecting funds for its work. It is not evident their activities will be of material benefit to Kentuckians. This organization is not working in cooperation with, and is not endorsed by, the State Tuberculosis Commission or other well established Tuberculosis Organizations in the State.

## New Visiting Nurses For Kentucky

The Kentucky Tuberculosis Commission has paid much attention to the establishment of visiting nurse work in the smaller cities of the State. In Maysville, the first city of the nine to begin work, two nurses have been employed for several months.

Visiting nurse work will be started in two places on April 1. For Versailles the Commission has secured the services of Miss Florence L. Hauswald, of Louisville, a graduate of the Deaconess Hospital, Louisville 1910. Miss Hauswald has just completed eight months graduate training in public health work in Philadelphia conducted by the Henry Phipps Institute.

In Richmond, Madison County the Commission will place Miss Ida C. Spaeth, of Newport, Ky. Miss Spaeth is connected with the Town and County Division of the American Red Cross. She has had two years experience with the Cincinnati Visiting Nurse Association and has successfully conducted the visiting nurse work for Fulton for several months. Her successor at Fulton will be appointed by the American Red Cross. The Boyle County Health and Welfare League is also considering affiliation with the American Red Cross.

Early in April the Commission will send Miss Emma Hunt, one of the permanent staff, to work in Breckinridge County, principally in the towns of Cloverport, Stephensport, Hardinsburg, and Irvington. The Breckinridge County Public Health League was formed last summer for the purpose of cooperating with the State Commission in this work.

The prize was an Autographed copy of "The Mon Sings" written by Prof. R. G. Statt, Head of the English Department of E. K. S. N. This speaks well for Chester as well as for Knox County. Wherever the Knox Co. boys are we find them up and doing.

## Preventable Diseases and Life Insurance Rates

"Every man who carries life insurance says the Kentucky Tuberculosis Commission 'ought to be intensely interested in improving the health conditions of his own town, county and state. Most insurance is carried by men between twenty and sixty years of age; and in this period of life tuberculosis, or consumption, is the most dangerous disease. About one third the deaths between twenty and forty are from consumption. Typhoid fever also claims thousands of victims in this period.

The rates for life insurance in this county may be decreased when the needless deaths from preventable diseases are stopped. Prof. James W. Glover of the University of Michigan estimates that the prevalence of consumption and typhoid fever alone in this country adds about two dollars to the annual premium paid by each life insurance policy holder for every thousand dollars insurance carried. By the building particularly of tuberculosis hospitals, and the maintenance of health officers and visiting nurses and the conduct of educational work throughout the State concerning germ diseases, Kentucky should do its part in lowering the death rate of the whole county.

## Athletic Sports In The Youth's Companion

Every boy who plays baseball and who has a secret longing to come under the eye of a scout from the big leagues, ought to have The Youth's Companion, and read the articles on baseball and other sports on the Boy's Page.

Some of these are illustrated with moving pictures of pitchers and other players taken in action, so that one can follow every motion of a "crack" player even better than with the eye. This is just one feature of The Youth's Companion. If you don't know what it is like, the publishers will send you sample copies. The Companion is \$2.00 a year, — 52 weekly issues, — and gives more reading than any monthly at double the price.

## New Discoveries

There is always some Guy mak-  
ing new discoveries. There is Dr.  
Cook who discovered the North  
pole, and Teddy Roosevelt went  
down in South America and dis-  
covered a river. Looks like some  
of them would bring some of these  
things home with them so we  
could see them, maybe we  
would believe some of their stories  
right soon Prof. Woodrow Wilson  
will Discover the Guy that coined  
the word Psychological and Bill  
Bryan will discover a grape juice  
mine. You can't tell what's  
coming next.

Down with Free-Trade;  
Stick to home-made.

Doctor Wilson prescribed Free-  
Trade, and the whole family died

If you are cold, put the Free-  
Trade Tariff bill on the fire.

A half loaf may be better than  
no bread, but Free-Trade even  
turns the yeast cake sour.

Free-Trade took the Tariff off  
of foreign goods and put a tax on  
wages, and then knocked out the  
wages.

President Wilson again predicts  
an era of unparalleled prosperity.  
If Mr. Wilson will keep on pre-  
dicting long enough, say until  
March 4, 1917, he will finally be  
vindicated as a prophet. - Mr.  
Vernon (Ind.) Republican.

This Government is made for  
Americans, native-born and  
naturalized; and every pound,  
every bushel, every ton, every  
yard of foreign products that  
comes into this country to com-  
pete with ours deprives American  
labor of what justly belongs to  
it. - William McKinley.

We are not going to mix up in  
any Democratic Election but we  
will bet three joints of 6 in stove-  
pipe to a dough nut that there  
will be some half dozen Democ-  
rats that wants the nomination  
for Governor that will be disap-  
pointed, but the one who wins  
will get a worse surprise than any  
of them in November.

Judge Cnas. Herd in

Pinnacle News of Mar. 18

We are announcing the  
candidacy of W. C. Black,  
of Barbourville, Ky., for  
State Senator from this  
district, and in this con-  
nection it pleases us to  
testify that our long and  
intimate acquaintance  
with Mr. Black warrants  
the unqualified statement  
from us that he would  
make an ideal Senator.  
He is good stock-a good  
Republican-and is not a  
cursed fool partisan, to the  
detriment of himself and  
the office to which he as-  
pires.

If he should be elected  
there is no doubt he would  
work faithfully for the  
people of his district, and  
that his rank and gentle-  
manly note would reward  
his efforts."

The union revival at the First

Hundreds Rush  
To Get Tanla

Cooper Besieged With  
Callers Who Want  
Famous Medicine

Louisville, April 1. - Hundreds  
are now calling almost daily to  
meet L. T. Cooper, the noted  
visitor, and to find out how his  
famous, Tanla, is sold, how it is  
prepared and what the prepara-  
tion actually looks like.

In commenting upon the rush  
to meet Mr. Cooper and obtain  
his celebrated medicine, the man-  
ager of the Taylor-Isaacs store  
said:

"The success of the opening of  
the introductory sale of Tanla  
exceeded our expectation. We  
have been agreeably surprised by  
the knowledge the public seems  
to have of the preparation.  
While many came just to meet  
Mr. Cooper and see what the  
medicine really looked like,  
equally as many came prepared  
to obtain the preparation. These  
people simply asked for Tanla,  
the remedy with which the medi-  
cine was distributed throughout  
the day proved somewhat of a  
revelation to many of our older  
friends."

Mr. Cooper said: "I am, indeed  
gratified to see such marked en-  
thusiasm, and I feel justified in  
predicting that Tanla will prove  
just as successful in Louisville  
as it has in the larger cities. I  
do not believe that I am overesti-  
mating the success of the medi-  
cine when I state that I am con-  
fident that from three to five  
thousand people will call and ob-  
tain Tanla during this week."

Mr. Cooper was asked about  
the charitable work he intended  
to perform in Louisville. He re-  
plied: "Yes, it is true that I  
have written the Associated  
Charities asking that organization  
to furnish me, as soon as practi-  
cable, with the names and ad-  
dresses of at least fifty of the  
most deserving poor families of  
your city, whom I propose to help  
I have also written St. Joseph's  
Orphan's Home, offering certain  
contributions. I shall communi-  
cate with similar institutions  
within a few days with the view  
of endorsing their noble efforts  
by assisting them in some sub-  
stantial way.

"In conformity with my usual  
custom of encouraging the hos-  
pitals, I will make special conces-  
sions with reference to supplying  
such institutions of your city with  
Tanla, as I consider the prepara-  
tion a superior tonic in all cases  
of convalescence."

The famous medicine, Tanla,  
can be bought in Barbourville  
only at Herndon Drug Co's. store.

CONSUMPTION TAKES  
350 PEOPLE DAILY

Over 350 people succumb to consumption every day in the United States. Science proves that the germs only thrive when the system is weakened from colds or flu, or from overwork, confining duties or such general weakness exists. The best way to prevent this is to keep the body rich and active by taking Scott's Emulsion. The cod liver oil in Scott's Emulsion makes the body by enriching the blood, it peculiarly strengthens the respiratory system, while it rebuilds the respiratory forces of the body to avoid colds and prevent consumption. If you are thin, weak, easily fatigued, languid, nervous, or have a general feeling of weakness, Scott's Emulsion is the most strengthening and healthful medicine known. It is totally free from alcohol or any stupefying drugs, and is a perfect substitute for cod liver oil.

Now that the Republican party is back together just watch the Democrats of Kentucky get all the hair and hide taken off their backs next fall.

Mrs. Lucy Tinsley Cobb returned to her home at Warren Ohio, after spending some weeks with her parents Mr. and Mrs. W. W. Tinsley.

Miss Flora Smith is visiting home folks in Lancaster.

When People Ask Us what is good for nerves and lost weight, we always recommend

## Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed for ever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 15c.  
Take Hall's Family Pills for constipation.

News has been received here of the death of F. N. Isabel Monday near Greenville Ky. He married Miss Marinda Culton of Pineville Ky. who has many relatives and friends in this city who extend sympathy.

Rocastle County voted for a bond issue of \$100,000 last Saturday, the majority being nearly 5 to 1 in favor of the bonds. We hope that Laurel and Whitley will do like wise. Except that they go at 16 to one for it. Clay Co. has not called an election so if they do not build their part to the County line, we will not have gained much in that direction except for our own people, which means a great deal to us.

## Rexall Dyspepsia Tablets

will relieve your indigestion. Many people in this town have used them and we have yet to hear of a case where they have failed. We know the formula. Sold only by us—25c a box.

## The Proper Course

Information of Priceless Value to Every Barbourville Citizen.

How to act in an emergency is knowledge of inestimable worth, and this is particularly true of the diseases and ills of the human body. If you suffer with kidney backache, urinary disorders, or any form of kidney trouble, the advice contained in the following statement should add a valuable asset to your store of knowledge. What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statement of a nearby resident who has used them and publicly tells of the benefit derived?

Mrs. S. E. Gibson, Second St., Corbin, Ky., says: "I had backaches and pains through my kidneys. My kidneys were weak and at times I was nervous. Doan's Kidney Pills gave me relief. My kidneys are normal and my back is strong."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Gibson had. Foster-Milburn Co., Props., Buffalo, N. Y.

## Whitley County Grand Jury Report

February Term, 1915.

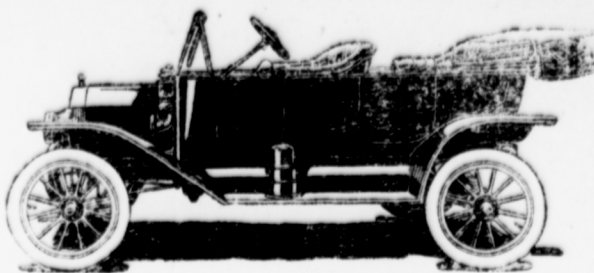

To Hon. F. D. Sampson, Judge, Whitley Circuit Court:

The Grand Jury of Whitley County, duly impaneled for this term of the Whitley Circuit Court would most respectfully report that we have diligently investigated all offenses which have been brought to our attention by the court or officers and have returned indictments in such cases as we have thought proper and we further investigated the jail of the county and find the same in a clean, sanitary and well kept condition and the prisoners therein confined appeared to be well treated. We have also investigated the Courthouse and find the same in only a fair condition and badly in need of some improvements in the matter of additional rooms for use of the Circuit Court and county officers. We recommend that the Fiscal Court of Whitley County immediately take up the proposition of building an addition to the Courthouse and of placing in the Courthouse a suitable modern heating system for supplying heat throughout the entire Courthouse.

We, as a Grand Jury further indorse the past efforts of the Circuit Court Judge and Commonwealth's Attorney in putting a stop to the use of money and whiskey for the purpose of influencing votes in elections and we further believe that this position on the part of the Circuit Court and its officers have before been conductive to grant good in the holding of fair and honest elections by the condemning, eliminating of these evil influences and while there has been no immediate election for this Grand Jury to investigate, yet, we have stood ready and willing to lend our assistance and efforts in co-operation to this end.

We further recommend that all Grand Jurors impaneled in the future be instructed especially to investigate this evil, if any exists so that the attention of the people and the public can and may be brought to the fact that this damaging practice of buying and selling votes and trafficking with money and whiskey in elections may never again be practiced within the confines of this county so that Whitley County can in the future be spared the humiliation and disgrace which has been the lot of a Sister Mountain County of Eastern Kentucky, a large majority of whose influential citizenship have been, and are now being tried for these nefarious practices, which are offensive in the eyes of common decency and honest citizenship. Not only the practice of using money and whiskey for the influencing of votes in elections is here and now by us condemned but the practice of forcing promises and causing

## The Secret of Success

Genuine Merit Required to Win the People's Confidence

Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfil the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been benefited to those who are in need of it.

A prominent druggist says: "Take for example Dr. Kilmer's Swamp Root, a preparation I have sold for many years and never hesitate to recommend for in almost every case it shows excellent results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."

According to sworn statements and verified testimony of thousands who have used the preparation, the success of Dr. Kilmer's Swamp Root is due to the fact that it fulfills almost every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

You may receive a sample bottle of Swamp Root by Parcel Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents, also mention The Barbourville weekly Mountain Advocate.

## An Old Friend.

Humorous Artist—I've brought you an original funny joke this time. A friend of mine thought of it. Editor (after reading it)—Yes, it is funny; but I prefer the drawing that was published with it in the seventeen!—Funch.

## Pony's Remarkable Jump.

A remarkable feat was performed recently by a polo pony belonging to an officer at Aldershot, England, when it cleared an eight-foot hedge beside a railway embankment. The animal took flight in the village of Weybourne while being ridden by a lad, who was thrown but uninjured.

## Defeat and Victory.

An honorable defeat is better than a mean victory.—Selected.

## "Cured"

Mrs. Jay McGee, of Stephenville, Texas, writes: "For nine (9) years, I suffered with womanly trouble. I had terrible headaches, and pains in my back, etc. It seemed as if I would die, I suffered so. At last, I decided to try Cardui, the woman's tonic, and it helped me right away. The full treatment not only helped me, but it cured me."

## TAKE

**Cardui**  
The Woman's Tonic

Cardui helps women in time of greatest need, because it contains ingredients which act specifically, yet gently, on the weakened womanly organs. So, if you feel discouraged, blue, out-of-sorts, unable to do your household work, on account of your condition, stop worrying and give Cardui a trial. It has helped thousands of women—why not you? Try Cardui.

## Noted Horse Dies

"Old Jim" the faithful war horse ridden by Lieut. Read P. Black present County Court Clerk during the Spanish-American war while stationed at Lexington and Chickamauga, died of old age last Friday on the premises of his owner Mr. John A. Black.

On account of his faithfulness and other fine qualities all the members of the Black family were very much attached to "old Jim", and according to a promise Mr. Black made that should he ever see the horse again, as he along with two other horses was led away overland to Chattanooga a respectful burial would be given the old war horse, and so a rough box was prepared, the big fellow covered with canvas and buried by side of an old land mark tree on the farm over whose fields he had roamed for many years.

We have just received a car load of John Deer Disc Harrows, and the John Deer Vertical lift mower, we also have the John Deer corn drills with the fertilizer attachment. Call and see us, see advertisement in this paper.

## LIV-VER-LAX

All the Effectiveness, Not the Effect of Calomel

Liv-Ver-Lax is one of the most important medical discoveries of recent years. For a long time medical experts, realizing the harmful effects of calomel, have been striving to find a liver cleanser that would be just as effective as calomel, and yet be absolutely harmless in its action. Recently this remedy was actually put forth by L. K. Grigsby, in his Liv-Ver-Lax.

Liv-Ver-Lax is a harmless vegetable compound, designed solely for the treatment of liver complaints. The immediate favor it has met with in thousands of homes is proof positive of its real value.

If you feel worn out, tongue coated, and skin sallow, don't delay until it becomes dangerous, nip the trouble in the bud with Liv-Ver-Lax. Insist on the genuine, bearing the signature and likeness of L. K. Grigsby, which is guaranteed to give satisfaction or money refunded. For sale by all druggists. —adv.
